GENERAL GUIDELINES FOR PROJECT INTERNS

1. Decorum & Etiquette

- Interns are expected to maintain a high level of professionalism in their behavior and approach.
- A formal dress code must be followed within the premises to reflect the professional standards of the organization.
- Office timings are from 9:00 AM to 6:00 PM; punctuality is strictly required for all offline working days.

2. Organization Guide & Reports

- Every intern will be assigned to a designated guide who will oversee the technical progress of the project.
- Interns are expected to share their progress, code updates, and learnings at a mutually agreed frequency with their guides.

3. Facilities

- System support and necessary hardware will be provided based on the project requirements.
- High-speed internet and a dedicated workspace will be available for all offline development tasks.

4. Leave / Leaving Early

- Prior approval must be obtained from the respective project guide for availing leave or leaving early.
- All leave requests should be shared with the management at least 24 hours in advance, except in emergencies.

5. Canteen & Lunch

- Fully Free Lunch: As a benefit to our interns, high-quality lunch will be provided at the office premises at no cost.

6. Report Submission

- Prior to the completion of the internship, a detailed project report must be submitted in both hard and soft copy formats.
- The report should include the technical architecture, code documentation, and results of the hardware-software integration.
- If the intern's institution requires a specific format, that format must be followed for the final submission.

7. Project Completion Certificate

- A formal Project Completion Certificate will be issued by NK Design House upon the successful completion of the assignment.
- The certificate will only be issued after the final project report has been approved by the guide.
